

CLEAN HEAT RHODE ISLAND PROGRAM OVERVIEW

Customer Assistance

Learn more, ask questions & receive guidance

Participating Installers

Work with an installer in our network

Review Quotes

Compare up to three quotes

Financial Incentives

Reduce installation costs

GET STARTED TODAY!

1

Work with a participating installer to determine if a heat pump is right for you.

3

You or your installer completes the incentive application; some projects may require inspection before incentives are processed.

2

You or your installer reserves your incentive with a project pre-approval. Once approved, your new heating and cooling system is installed.

4

The incentive is processed. Enjoy your new efficient heating and cooling system!
